—The Christian Temperance Union will meet at the home of Mrs. T. J. Joseph, at half past two o'clock, Bible study, "Faith," led by Mrs. Caskey, responses, scripture verses at roll call, Christian songs are invited.

—The able and vigorous editorials of the St. Joseph Herald and St. Joseph Gazette in favor of a new waterworks plant for that city, are read with much interest by our people. These journals are criticised in the favor of those things that are supposed to be for the best interest of her people—that is if the St. Joseph water company says so.

—If you want a bargain in the Buggy and Harness line, and have the cash, you will get it at H. C. Schmidt's. Good No. 1 goods and low prices for 1899. Come and see.

—We are truly pained to hear of the cloud of gloom that has come to the family and relatives of Ephraim Roberts, of Clay township. This old and early settler of Clay township died from pleurisy at his home, Feb. 21, 1899. He was about 80 years of age. On the 17th inst., a few days before his father, Mrs. Fanny died. She was taken violently ill and died very suddenly. N. H. (New), and Ellis, sons, are sick, now dangerously. We hope for their recovery. We trust that will be furthered by the aid of Father Roberts for our next issue.

—John Lukens does not believe in digging an ice house in the summer, but waits until he can blast the frozen ground out in the winter. Last week when the mercury was almost concealed he went to work with a large force, and by working faithfully in the course of two or three days he had a fine ice house in shape to receive the ice, but by this time the weather had become so warm that the ice was not fit to put up. But after all John Lukens got his ice, for a sudden change on the night of the 22nd ran the mercury to five below, and there are good prospects that it will stay around zero for two or three days.

—Masters Willie Curry and Ralph Nipher are loyal and patriotic little fellows; they are also considered "gone" on their teacher as well as on G. Washington. On Wednesday morning, the anniversary of the Father of his country, these little fellows gathered together a liberal supply of flags, bunting and other decorative materials, and bright and early went to work and decorated room No. 5, Miss Fitch, teacher, in a most elaborate as well as charming manner. One can well imagine their teacher's surprise on entering her room, in finding such a pleasing exhibition of patriotism, as well as evidence of their kindly feeling toward their teacher.

—The temperance lectures delivered by Col. John Sobieski, are among the most interesting and valuable contributions to our educational and moral life. We have received in a long time Col. Sobieski's eloquent, impressive and convincing. He is fair in his arguments, and his illustrations are of the highest quality. His lectures are not only convincing, but they are also entertaining. His lectures are not only convincing, but they are also entertaining. His lectures are not only convincing, but they are also entertaining.

—The past ten days have seen France again on the eve of a revolution, caused by the death of their President M. Faurie, which occurred on the 17th, and the election of M. Loubet, to the presidency. His inauguration occurred on the 21st, and his message was immediately sent to the chamber of deputies. The Bonapartes, the Orleans, and the Dreyfuss were in a high state of excitement, and for a few days it seemed as if France would be a republic no more. But the distance and rumors of revolution were quieted, and France is again moving along as a republic.
